MIRAGE

TRINITY UNIVERSITY
SAN ANTONIO, TEXAS

VOL. 53

Dr. Thomas F. Gossett

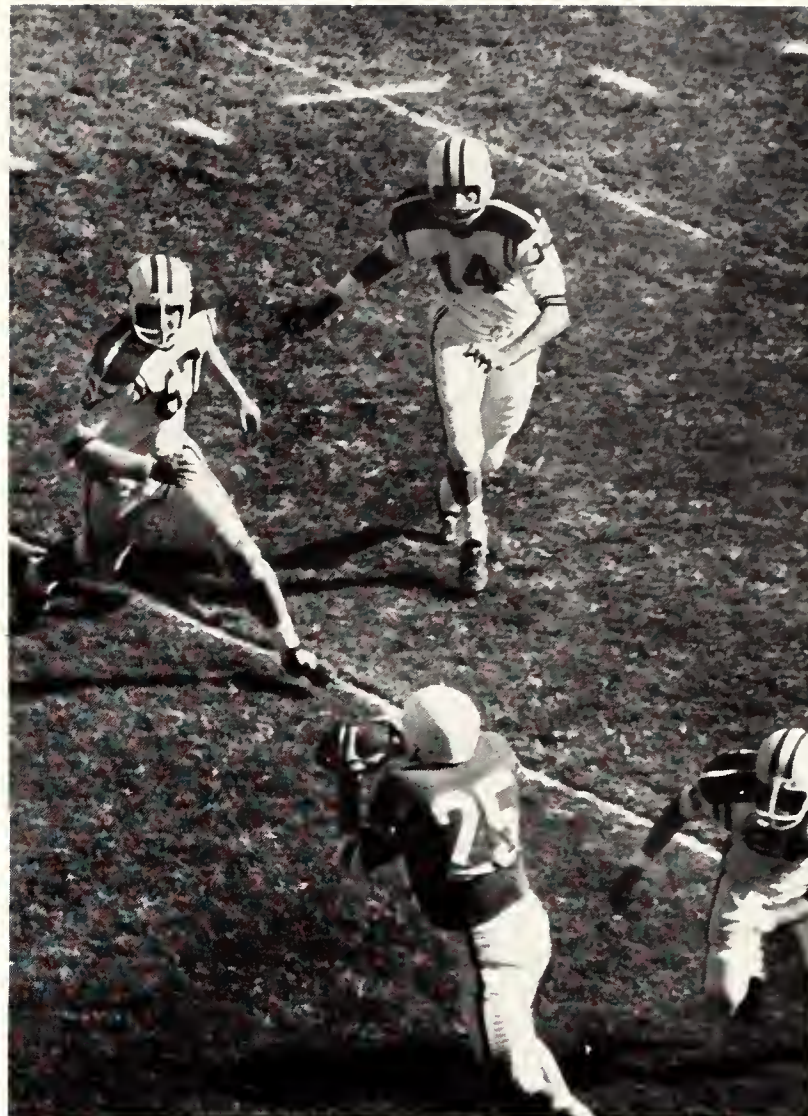

"A University is a place, it is a spirit. It is men of learning; it is a collection of books; it is laboratories where work in science goes forward; it is the source of the teaching of the beauties of literature and the arts; it is the center where ambitious youth gathers to learn; it protects the traditions, honors the new and tests its values; it believes in truth, protests against error and leads men by reason rather than by force."

Presenting Your . . . Student Council

The second Armstrong regime got off to a rip-roaring start last spring and began a pace that ended a year later. The summer months brought many hours of work in preparation for the coming fall.

Council-sponsored Orientation opened the fall semester. The week was filled with lectures, tours, dances, and dinners. Council members immediately shifted their efforts towards promotion for the sell-out New Christy Minstrel concert. After the concert, the Homecoming 1964 schedule began and meetings, activities, and orientation led up to the big week in November. Trinity finally got its first big Homecoming, and "The Spirit of '96" continued its success and was named as "The Most outstanding Homecoming" in the Southwest.

December brought the new tradition of Student Government Open House. The office became a Winter Wonderland of elaborate decorations, complete with Tom Rogers' multi-million dollar train system.

January brought Council members a few weeks time to do their semester's work, and those of us taking 19 hours certainly needed the break (although we'd had one all semester). Following finals we lost our Treasurer, Bill Yanda, who left to get his masters degree in ROTC, and Sally Lanyon was appointed to join our ranks. This was undoubtedly one of our greatest achievements.

We began devoting our time to promotion of Peter, Paul, and Mary, and tickets to the March 19 concert were sold out over ten days in advance. Negotiations were begun immediately to bring the nation's number one folk trio back to the Skyline Campus, and they returned the next week with tickets selling faster than for the first show.

The Council also initiated and worked on other projects, held assemblies, elections, established student loan fund, sent students to numerous conferences and conventions, held seminars, made posters like they were going out of style, embarrassed Lilla who had a modesty made of whipped cream, paid for Tom Fry's parking tickets, watched Jim Jones give Roger Cortez and the Senate bad times, etc.

We had a tremendous time doing just what came naturally. We laughed . . . we cried . . . we cussed . . . we hated . . . and we loved every minute of it. We were indeed thankful for the opportunity we had to serve our fellow students and the community as well.

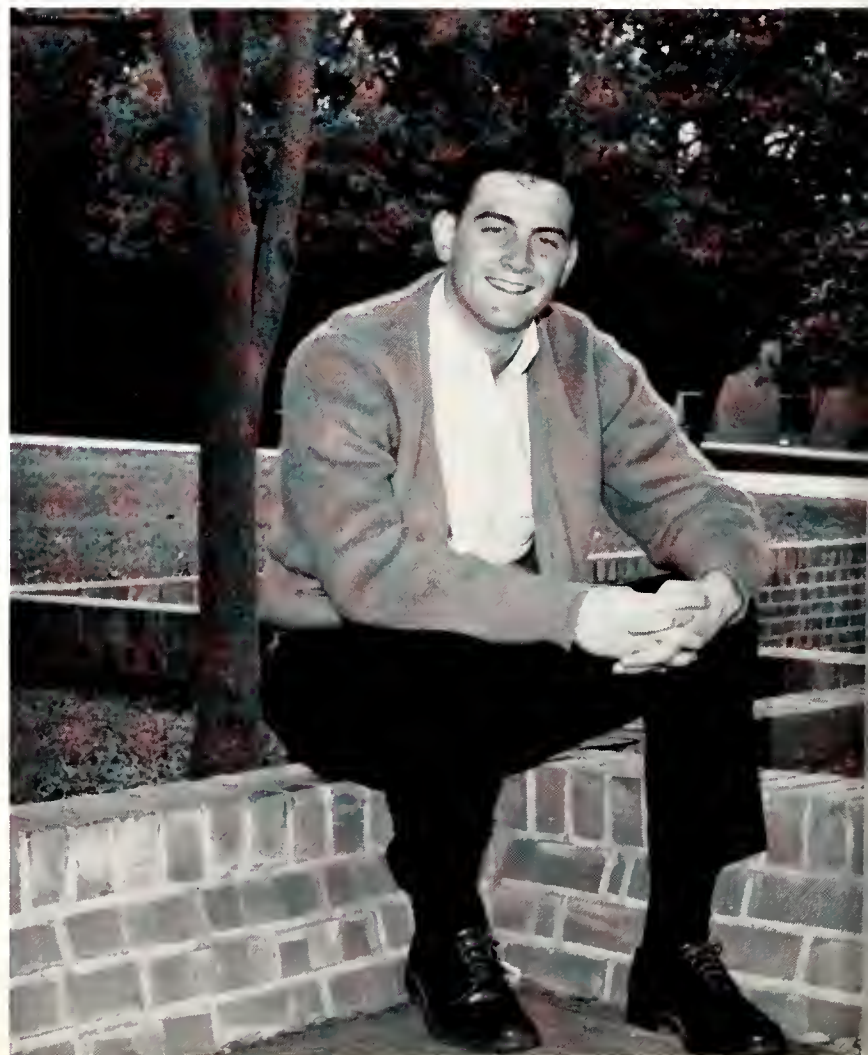

We had a great year—six concerts, biggest Bermuda Day ever, Homecoming, Peter, Paul and Fred appearing weekly, student loan fund, and on and on. Those of us on the council leave with the satisfaction of seeing Student Government become a moving and dynamic force at Trinity.

The Senate is composed of twelve senators, including the Speaker, and the Court consists of one Chief Justice and five other Justices. These groups found increased prominence this year pondering the many problems of the student body with the Student Council.

Sandwiched between the offices of Armstrong Incorporated and the TRINITONIAN, the Mirage office was caught in the whirl of activity that engulfed the campus. Breaks in the coffee shop and games of "O" helped the staff retain its sanity while publishing thirty issues, the special Homecoming paper with color pictures and the April Fool edition.
